PREFERRED DRUG LIST FOR OHIO MEDICAID PLANS

Formulary coverage for Ohio Medicaid Plans is provided for commonly prescribed drug classes by pediatric primary care providers. This information is intended for use by providers to select cost-effective medications for their patients and includes only medications which are covered by one or more plans. It is not a substitute for individual patient factors and clinical judgment. If there is a discrepancy between the Plan's PDL and this document, use Plan's PDL as final guide; the Plan's reserve the right to make changes that may not be reflected here. For evidence-based prescribing guidelines, please visit www.partnersforkids.org/resources.

Average cost per script is based on generic drug when available using an average length of therapy. Prices are for reference and actual cost may vary based on drug strength, quantity and other factors.

Bolded medications are generically available.

✓ = Covered

PA = Prior authorization
