

Partners For Kids Participating Provider Health Plan Capacity Form

Provider Name	Provider NPI	Medicaid Plan: Buckeye Capacity	Medicaid Plan: CareSource Capacity	Medicaid Plan: Molina Capacity	Medicaid Plan: United Health Care Community Capacity	Medicaid Plan: Paramount* Capacity

***Paramount has no managed care members in the southeast and south central region effective June 1 2020**

Capacity Guidelines:

When completing the capacity columns of the form, there are four options. 1) The provider can designate capacity of 0 members per plan for all plans. This will indicate the provider is not accepting new patients at this time. 2) The provider can elect to accept the minimum capacity of 50 members per plan for all plans. 3) The provider may specify the number patients they are willing to accept from each plan. The number may be 0 or range from 50 for 2,000 and may be different for each plan and different for each provider in the group. It is important to note, if the provider accepts any capacity from a plan, the minimum number of patients that may be specified is 50. 4) The provider can elect to accept the maximum capacity of 2,000 members per plan for all plans.

Participating, no new patients: 0 Minimum Patient Panel: 50 per provider, per plan Maximum Patient Panel: 2,000 per provider, per plan

Please note that these minimums and maximums are further limited to a **maximum of 10,000 patients per provider** at each location

Practice Authorization: _____ Date: _____
