

INHALER PATIENT ASSISTANCE PROGRAMS

Partners For Kids designed this resource to support healthcare professionals in guiding uninsured or underinsured patients to the lowest out-of-pocket cost for their asthma inhalers. This resource is not intended for use for Ohio Medicaid patients. Please refer to the [PFK UPDL](#) for asthma inhaler coverage for Ohio Medicaid patients. For clinical decision-making guidance, please refer to the [PFK Asthma Toolkit](#).

Definitions:

ICS: inhaled corticosteroid | LABA: long-acting beta-agonist | LAMA: long-acting muscarinic antagonist

DPI: dry powder inhaler | MDI: metered dose inhaler | B: brand | G: generic

Medications are **BOLDED** if product is available as generic

Copay cards reduce the cost up to the maximum benefit of the card. The patient is responsible for any remaining balance.

GoodRx may be used instead of insurance coverage. The cost of the medication does not go towards the patient's insurance deductible. Final cost varies by pharmacy, refer to goodrx.com for details.

	Name	Type	FDA Approved Age*	Manufacturer Cost Savings		Good Rx Cost		
				With Prescription Insurance** Copay Cards	No Prescription Insurance	Strength (mcg)	Cost (\$)
